Power Z1 and Z2: 50 + 50 W

INSTALLATION DIAGRAM

4 REASONS FOR CHOOSING THE COMPACT CONSOLE

MADE TO SUIT YOUR BUSINESS

AUDIO COMPACT is the best solution for background music and public address, matching the needs and size of any business.

SELF-AMPLIFIED CONSOLE

AUDIO COMPACT comes with a built-in amplifier for 2 active zones of 50W each and 1 passive zone for MILLENNIUM's amplifiers and control units.

04

EASY TO USE AND INSTALL

Installation and handling of the AUDIO COMPACT console is fast and intuitive - fast, thanks to a simplified rear connection panel, and intuitive, thanks to an easy-to-use interface with a backlit LCD screen.

01

02

COMPACT DESIGN

AUDIO COMPACT is the first self-amplified console on the market that incorporates a music source via USB, Line-in and FM tuner, micro SD card input, as well as an adjustable, one-way Electret microphone, all built into a single compact and elegant design.
